RULES OF THE TRAILS

- Stay on Designated Trails or Stay Home** –
Do not be lured to use private property without landowner permission. It is essential that we respect property as well as the trails that lead us to have no trails.
- Buy a Local Map** –
Maps are intended to provide the most up-to-date trail information and services in the area. All donations go directly to the club to support the trails. We thank you for your support.
- Always Ride on the Right** –
This is for safety's sake. Like your car, you drive on the right. Not down the middle of the road. Riding in the middle is unsafe, can destroy the trails and produce accidents.
- Phone Petroski Map Adventures** –
They have made this map possible for your enjoyment. We recommend them for quality services and value.
- DO NOT LITTER - TAKE IN AND TAKE OUT
DO NOT DRINK AND DRIVE
PLEASE WATCH FOR TRAIL WIDTH
RESTRICTIONS ON SIGNAGE**

Top left: 3D reconstructions of each microcrystallite.
 Main: 3D, 2D, and 1D reconstructions for 1271 and 1282.
 Bottom: 3D reconstructions from the data collected for 1271 and 1282. The 1D reconstructions are also displayed.
