### MAP INFORMATION

The soil surveys that comprise your AOI were mapped at 1:20,000.

Warning: Soil Map may not be valid at this scale.

Enlargement of maps beyond the scale of mapping can cause misunderstanding of the detail of mapping and accuracy of soil line placement. The maps do not show the small areas of contrasting soils that could have been shown at a more detailed scale.

Please rely on the bar scale on each map sheet for map measurements.

Source of Map: Natural Resources Conservation Service

Web Soil Survey URL:

Coordinate System: Web Mercator (EPSG:3857)

Maps from the Web Soil Survey are based on the Web Mercator projection, which preserves direction and shape but distorts distance and area. A projection that preserves area, such as the Albers equal-area conic projection, should be used if more accurate calculations of distance or area are required.

This product is generated from the USDA-NRCS certified data as of the version date(s) listed below.

Soil Survey Area: Clark County, Washington Survey Area Data: Version 19, Aug 23, 2021

Soil map units are labeled (as space allows) for map scales 1:50,000 or larger.

Date(s) aerial images were photographed: Jun 24, 2018—May 10, 2019

The orthophoto or other base map on which the soil lines were compiled and digitized probably differs from the background imagery displayed on these maps. As a result, some minor shifting of map unit boundaries may be evident.

# Table—Forest Productivity (Tree Site Index): Douglas-fir (King 1966 (795)) (Dole Valley 80)

		Ι		
Map unit symbol	Map unit name	Rating (feet)	Acres in AOI	Percent of AOI
CnD	Cinebar silt loam, 8 to 20 percent slopes	132	28.7	36.6%
CnE	Cinebar silt loam, 20 to 30 percent slopes	132	17.1	21.7%
CnG	Cinebar silt loam, 30 to 70 percent slopes	132	21.5	27.4%
CrE	Cinebar stony silt loam, 3 to 30 percent slopes	132	7.0	8.8%
CrG	Cinebar stony silt loam, 30 to 70 percent slopes	132	4.3	5.5%
Totals for Area of Interest			78.6	100.0%

## Rating Options—Forest Productivity (Tree Site Index): Douglasfir (King 1966 (795)) (Dole Valley 80)

Units of Measure: feet

Tree: Douglas-fir

Site Index Base: King 1966 (795)

Aggregation Method: Dominant Component Component Percent Cutoff: None Specified

Tie-break Rule: Higher Interpret Nulls as Zero: No
